

Swyve Accessibility Statement

Effective Date: [20th October 2025]

Last Updated: [20th October 2025]

Commitment to Accessibility

Swyve is committed to making its platform accessible to all users, including those with disabilities. We believe everyone should have equal access to create, view, and interact with content, regardless of ability.

1. Accessibility Features

We are continuously working to ensure that Swyve meets or exceeds standards such as the Web Content Accessibility Guidelines (WCAG) 2.1.

Current features include:

- Screen reader compatibility
- Keyboard navigation support
- High-contrast and large-text options
- Captions and audio description support for creators

2. Ongoing Improvements

Our team regularly tests Swyve's platform for accessibility. We engage accessibility experts and include users with disabilities in our feedback process. New features are evaluated for compliance before release.

3. Third-Party Content

While Swyve strives to maintain accessibility across our site, some content created by third-party users may not meet the same standards. We encourage all creators to use accessibility-friendly practices.

4. Feedback and Contact

We welcome feedback to improve accessibility for all users. If you encounter issues or have suggestions:

Email: swyve@swyve.io

Mail: Swyve LTD, Voukourestiou 25, Neptune House, Limassol, Cyprus

5. Legal Compliance

This statement is intended to comply with accessibility obligations under applicable laws, including the EU Accessibility Act, the Americans with Disabilities Act (ADA), and similar national regulations where Swyve operates.
